A thank you to our customers and colleagues

For over 70 years, Selwood and our customers have faced challenges big and small and have come through them all by supporting each other and working together, an ethos that is now more important than ever in these unprecedented times.

We have been keeping a very close eye on the situation as it develops to ensure we have the right support available for our customers. Over the past week, we have made a number of changes to the way we work, while also helping to keep our colleagues safe - thank you for your understanding, loyalty, and patience at this time.

We would like to express thanks to our staff for their hard work as this continues to have a significant impact on all our daily lives. Our dedicated teams are doing everything they can to minimise the impact on our services and I know they appreciate the thanks and support they are receiving from customers every day.

Clearly, this is a difficult time for everyone, but it really helps to know that we're all in it together. We are monitoring advice carefully and will continue to do our very best to deliver the exceptional service you are used to. We will, of course, keep you up to date on this rapidly changing situation.

Thank you for your continued support and please stay safe.
