

Hydraulic submersible pumps

Our 'HS Pumps' are designed for working at greater depths.

HS200 pumps are all supplied in cast iron for greater durability and are equally efficient for use with:

- Clean water
- Water with fine or large solids

Our customers include those in the following industries: construction and civil engineering, water and wastewater, ground stabilisation and piling, municipal, industrial, oil spill recovery and pollution control.

Pump specification	HS200D - RENTAL ONLY 200mm Drainer	
	Metric	US
Capacity	575 m³/h	2531 USgpm
Total Head	37 m	121 ft
Max. Solids Size	31 mm	1.2 in
Length	1000 mm	39 in
Width	600 mm	24 in
Height	1000 mm	39 in
Weight	250 kg	551 lb
For use with the following Powerpack	HSP110
